SCHEDULE IV. WEIGHT LIMITS.

(A) *Road weight limits.*

(1) Whenever any county highway, by reason of deterioration, rain, snow or other climatic conditions, will be seriously damaged or destroyed unless the permissible weight of vehicles and loads using the roads is reduced, the county shall reduce the permissible weight by placing signs in conspicuous places at each end of the county highways or portions thereof and at all intersecting crossroads intersecting the county highways or portions thereof.

(2) Whenever signs are posted as provided above, it shall be a violation for any person to drive, propel, move or operate over the highway or portion thereof any vehicle which together with any load thereon exceeds the weight specified on the signs.

(3) On any trial of any person charged with violation of this provision, oral proof of the existence of signs with the weight limit inscribed thereon, posted as provided herein, shall be prima facie evidence of the action by the Board of Commissioners and of the validity thereof.

(B) *Bridge weight limits.*

(1) The County Bridge Inventory Rating and Inspection book, which is revised biennially and maintained in the Office of the County Auditor, provides inventory ratings based upon structural conditions and safety considerations for each bridge under the jurisdiction of the Board of Commissioners, and each bridge shall have a load limit no greater than its then current inventory rating based upon the County Bridge Inventory Rating and Inspection book.

(2) Each bridge in the county which has an inventory rating less than the load limit set by state statute shall have conspicuously placed at each of its ends signs indicating the load limit allowed thereon. The signs shall be legible from a distance of 50 feet.

(3) Where a bridge to be posted with load limit signs is not clearly visible from the last previous road intersection leading to the bridge, a load limit sign shall also be posted between the intersection and the bridge so that it can be seen from the intersection.

(4) All signs erected pursuant to this division shall be placed upon posts which have been buried at least three and one-half feet. The edge of the sign closest to the roadway must be at least two feet from the edge of the pavement. The bottom of the sign shall be at least six feet above the upper edge of the pavement.

(5) On any trial of any person charged with violation of this division, oral proof of the existence of signs with the weight limit inscribed thereon, posted as provided herein, shall be prima facie evidence of the action by the Board of Commissioners and of the validity thereof.

(C) *Penalty.*

(1) Every person who violates division (A) above shall have a judgment entered against the person in a sum not to exceed \$2,500.

(2) (a) Every person who operates or moves a vehicle over any bridge, causeway or viaduct in violation of the division (B) above shall have a judgment entered against the person in the following amount:

4,000-5,000 lbs.	\$0.08 per lb.
5,000 lbs. or greater	\$0.10 per lb.

(b) The judgement for each violation of division (B) shall not exceed \$2,500.
(Ord. 2(4-91), passed 2-25-1991; Ord. 2(5-91), passed 2-25-1991)

SCHEDULE V. STOP AND YIELD INTERSECTIONS.

(A) Every driver of a vehicle who violates the provisions of this Schedule V shall have a judgement entered against the driver in a sum not to exceed \$2,500. On any trial of any driver charged with violations of Schedule V, oral proof of the existence and erection of signs as described in the schedule hereof shall be prima facie evidence of the action by the County Board of Commissioners, and of the validity thereof.

(B) The intersections described below are designated stop intersections. When appropriate signs conforming to the requirements of the *State Manual on Uniform Traffic Control Devices* are erected at the entrances to the intersections, the operator of a vehicle approaching any of the streets where a sign has been erected shall bring the vehicle to a full and complete stop before entering the intersection, except when directed by a police officer to do otherwise.
